# Medication Inventory

*To track the quantity of medications in your medicine cabinet, use this chart. For both prescription and nonprescription drugs, note the name, strength, date filled, expiration date, and quantity. Then, update the chart weekly by noting the amount left and the date.*

| Medication | Date filled | Expiration date | Original amount | Amount remaining | | | | |
|---|---|---|---|---|---|---|---|---|
| | | | | Date/quantity | Date/quantity | Date/quantity | Date/quantity | Date/quantity |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |
| | | | | | | | | |

Keep your family safe by securing and monitoring all medications, and by getting rid of unwanted or expired medications. Disposing of old medications is the best way to prevent unintentional poisonings and the abuse and diversion of prescription drugs. If possible, take advantage of a drug take-back event in your community, or visit www.doj.mt.gov/rxabuse for instructions on how to properly dispose of these medications.
