The end of summer is here, the Western Montana Fair is over and Missoula County Fair Staff are preparing for winter and the activity it brings. This sparks the next phase in the planning for the future of the fair and the fairgrounds. Missoula County has been hard at work with consultants Crandall & Arambula to analyze alternate site locations for the fair, and explore planning alternatives for the current fair site.

The next opportunity to participate in planning for the future of the Western Montana Fair and the Missoula County Fairgrounds is on Thursday, October 15th at 7 p.m. in Building 35 at the fairgrounds. The public is invited to view the alternative site analysis and further discuss the planning alternatives for the fairgrounds.

Access project information and documents at the fair's website: westernmontanafair.com/FAIR_PLANNING.HTML or call the Fair Office for more information at 721-3247. Public comment may be submitted online.
